Projects - Calculus Engineering

AP Calculus does not lend itself to projects because of the time factor - there is just not enough time to have many projects as part of the everyday classroom experience and still cover the required material. This is a shame as calculus is rich in project ideas.

Calculus Projects - MasterMathMentor.com - Calc

Projects for Calculus is designed to add depth and meaning to any calculus course. The fifty-two projects presented in this text offer the opportunity to expand the use and understanding of mathematics. The wide range of topics will appeal to both instructors and students. Shorter, less demanding projects can be managed by the independent learner, while more involved, in-depth projects may be used for group learning.
