### Software Engineering Book By Pressman

For almost three decades, Roger Pressman's Software Engineering: A Practitioner's Approach has been the world's leading textbook in software engineering. The new seventh edition represents a major restructuring and update of previous editions, solidifying the book's position as the most comprehensive guide to this important subject.

### Software Engineering: a Practitioner's Approach: Pressman ...

In my view, in looking for a thorough perspective of software engineering, there are two major routes: McConnell/Weigers series or one of the comprehensive volumes by Pressman or Sommerville. McConnell's books (Code Complete, Rapid Software Development, and Software Estimation) and Weigers (Software Requirements) are each highly detailed.
